

A photograph of a light-colored wooden bench in an outdoor setting. The bench is positioned against a red brick wall. A light grey towel is draped over the left side of the bench. On the right side of the bench, there is a small white bowl and a book. To the left of the bench is a potted plant, and to the right is a window with a view of the outdoors. The ground is covered with green foliage. The text "OUTDOOR PRICE LIST 2018" is overlaid in white on the brick wall.

OUTDOOR PRICE LIST 2018

SKAGERAK
DENMARK

We are happy to present our outdoor collection 2017/2018 which is a unique mix of classical and brand new designs. Some of the items have been with us from the start since 1976 while others are just now seeing the light of the day.

To put together this collection, we have teamed up with some of the most passionate and creative designers from Denmark and around the world – hand-picked based on their skills and mindset. Together, we strive to make long-lasting and functional design. To spice up our everyday lives and facilitating happy memories for generations. To make houses into homes.

In doing so, the notion of quality has always been a cornerstone in our DNA. As we see it, quality is basically about three things – designing, producing and maintaining strong relationships with people and the planet. Sustainability and quality are therefore intrinsically connected, and we seek to act responsibly in all steps of our business.

To this year's outdoor collection, we have brought new colour and material combinations into play. Teak and powder coated aluminum are both highly durable entities and together they form an interesting mix of the industrial and the natural – bringing together the best from two worlds.

This combination is yet another way to create what we believe is the most important element to the outdoor space – heard-wearing and eye-pleasing comfort – and we are happy to share it with you.

Yours sincerely
Jesper and Vibeke Panduro
